Spanish Grammar Beginners: A Dual Spanish Grammar Book For Beginners (Spanish Grammar Beginners & Intermediate NÂ° 1) (Spanish Edition)

Synopsis

Introduction Spanish Grammar Beginners is a Spanish Grammar book, fully translated from Spanish to English including over three hundred examples, also fully translated. In Spanish Grammar for Beginners, you will find three sections: Chapter 1A, Chapter 1B, and Chapter 1C. All three chapters include images, dialogues, and readings to complement your self-study. Teachers of Spanish as a Foreign Language may find this book highly resourceful when requiring easy explanations, as well as examples to work with. We have included a contents section with topics and corresponding page numbers at the beginning of each chapter in this book; therefore, you may use it as a reference book with examples for each subject, as well as a means to review what you have already studied, yet continues to bring up questions. Nevertheless, if you are a first time student of Spanish, then this is the book for you. Long before I became the founder of Costa Rica Spanish Online Language School, I came across my first self-taught student of Spanish. It was in 1982, right when I began my teaching career at one of the first Language Schools in Costa Rica. This individual had traveled a long way to come to Costa Rica to learn Spanish, but what I soon discovered was that he already knew Spanish, yet had a thousand questions he required answers to. He wanted to be a part of a classroom environment for one purpose only; he cared immensely about speaking the language he had learned on his own, and at the time, this seemed the only viable means to attain his dream. In 2009, motivated by this individual and a few other students I met, I finally attained a dream of my own; I became the founder of Costa Rica Spanish Online because my desire was to become the first online Spanish Language School to offer One-On-One instruction to this emerging group of individuals. I truly hope you enjoy reading and finding answers to your questions as I prepare to launch our second book: Spanish Grammar Intermediate. Iris Acevedo A. Author/founder

Customer Reviews

This is a very thorough and helpful book! I especially like the example sentences and readings in every section. the only issue is the charts don't display correctly on the screen so words and their translations don't match up. However vocabulary is easy to look up nowadays so it's not that big of a deal to me. The explanations and examples are the best part of the book and they display just fine.
