Self-Assessment In Otolaryngology, 1e

Synopsis

Self-Assessment in Otolaryngology, by Drs. James Paul O'Neill and Jatin P. Shah, covers the entire field of otolaryngology, offering 24 comprehensive chapters filled with questions and answers, bulleted information, case histories, and much more. Written by specialists from around the world, this one-of-a-kind self-assessment tool showcases today's international, expert knowledge and judgment in the practice of otolaryngology. Includes a variety of questions in every chapter (true/false, multiple choice, and "best answer") followed by high-yield information, case histories, management issues, images, scans, and recommended readings. Every question is followed by a bulleted list of the minimum core knowledge required for that particular area. Offers the most current information on new technologies, outcomes data, results of clinical trials, and future directions. Contains both U.S. and European-style board questions. Allows you to test your expertise on hundreds of day-to-day issues encountered in the practice of otolaryngology. Consult this title on your favorite e-reader, conduct rapid searches, and adjust font sizes for optimal readability.
