# Child Development (6th Edition)

Synopsis

Most balanced presentation of research and applications Â Feldmanâ ™s Child Development, 6e offers students a balanced and up-to-date study of theory and research with a focus on application to studentsâ ™ personal lives and future careers. Â   Child Developmentâ 6e introduces students to the theories, research, and applications of child and adolescent development. Organized chronologically, the book features a variety of student-focused tools that make the study of development interesting and engaging. It highlights the interrelationships between theory, research, and application, accentuating the scope and diversity of the field. It also illustrates how child developmentalists use theory, research, and applications to help solve significant social problems.Â An emphasis on practical, take-home information provides students with lessons they can use both now and in the future.Â Â   Teaching & Learning Experience   Personalize Learning â “ The new MyDevelopmentLab delivers proven results in helping students succeed, provides engaging experiences that personalize learning, and comes from a trusted partner with educational expertise and a deep commitment to helping students and instructors achieve their goals. Apply Developmental Science and Engage Students - A strong balance of research and applications maintains student interest throughout every section in the text. Improve Critical Thinking â “ Reflective questions included within MyVirtualChild encouraging students to think critically and apply chapter content to real life situations as they raise their own virtual child. Explore Research â “ â œFrom Research to Practiceâ • and â œAre You an Informed Consumer of Development?â • show students how they can apply the concepts theyâ ™re learning in the text to real life situations. Understand Culture and Diversity â “ â œDevelopmental Diversityâ • sections highlight issues relevant in todayâ ™s multicultural society. Support Instructors - Class Prep, MyVirtualChild, Video embedded PowerPoints, MyTest, clicker questions, and an instructorâ ™s manual provide extensive support for instructors. Customer Reviews

Used this for my Child Development class, clear and concise. I think it's easy to read and the concepts are intersting. Book breaks concepts down easily and give good examples. Definitely the ideal type of text book that anyone would want for a course.

I like it because it is comprehensive and contemporary. It speaks to why we need to understand the different phases of child development so that we are able to help our children.

Great book for those interested in this field. Easy to follow text, charts, diagrams, etc... I like the real life stories it includes.

I REALLY enjoyed this book because it was very informational and I had tons of fun learning .Its going to be good information for me as I go into the next level of learning in my psychology class.

This book made me realize both my parental and social mistakes. Rich in psychological contents, this book will give you answers and communication skills. A book for everyone, a must read!

I an renting this book. It arrived very quickly and in brand new condition. It reads better than most boring text books that's just filled with vocabulary and procedures.

I am greatly pleased with the condition of this book and in the timely manor it was delivered. This gives me the chance to get a head start on my reading to be prepared for my class. Thanks for your great work.

So far it has been great to have for the class I am taking in college and has lots of information.
