Nursing Assistant Care

Synopsis

Over 6,000 instructors shared their ideas for the perfect nursing assistant textbook. Nursing Assistant Care is exactly what you asked for: a full-color, up-to-date, affordable book that meets and exceeds federal and state requirements. Specifically, it contains:

- Beautiful illustrations and clear photographs-
- Chapters organized around learning objectives and written at an easy-to-understand reading level
- Creative methods to teach care and observations and promoting independence-
- An emphasis on essential information on preventing abuse and neglect-
- Chapter-ending material that develops critical thinking and tests the chapter-
- Common diseases and conditions and related care in one chapter, organized by body system-
- An entire chapter devoted to confusion, dementia, and Alzheimer's disease-
- Up-to-date CPR and emergency care sections-
- A chapter on mental health and mental illness-
- Comprehensive information on developmental disabilities-
- Personal care skills and nursing skills in their own chapters-
- Separate chapters for bowel and urinary elimination

Customer Reviews

Excellent book. Easy for students to follow and for faculty to utilize in planning practicum.

I need to take care of a husband who had a stroke. I took the nursing assistant course to help me. When there was no text, I bought this, and it has been and will be perfect. I used it as a review text in class, and I now use it as a reference when I need to brush up on a skill. Oh, I passed the registry examination easily.

I Currently have gotten my NA/CNA because of all the information that this book provides, I found it very helpful and informative and inspiring me to pursue being a RN, Thank You. Keith Bundy

I have bought many items over the internet. Most of my prior purchases were with mixed feelings. My first ever purchase with .com to buy cna book is a resounding success. The book not only came in great condition but timely. I am no longer afraid to use .com.

Very informative and cover the basic knowledge of CNA. The book provided great pictures/diagram including bold words to emphasize the meaning of a word.
