

The Rape Of Palestine

Synopsis

Reprint of 1938 edition. The Rape of Palestine is a scathing indictment of the British administration in Palestine. It is well documented and makes full use of quotations from the writings of non-Jewish persons who served under that administration and themselves complained of the anti-Semitism shown by government officials. Among them was Douglas V. Duff, who complained that "it did not pay for one's seniors to think that one had any undue sympathy for the returning Jews". Even if only one-half of the evidence amassed by the author were true, he would have proved that nearly all the persons sent out to administer Palestine were anti-Semitic and determined to evade the Mandate and destroy the Jewish national home.

The Rape of Palestine by William B. Ziff (1938) is a very important book and highly recommended to all who are interested in the Israel-Arab conflict. These reviews are from the digest by Harry Louis Selden of the "Rape of Palestine" Copyright 1940:"The Rape of Palestine" as one of his Three Books of the Year for the New York Herald Tribune. From his review in the Baltimore Sun: "I defy anyone to read him without granting the soundness of his main thesis.... It is a tale full of racy ironies, and it makes excellent reading, for Mr. Ziff writes almost as competently as he argues..."H. L. Mencken SelectsOf "Information Please" in the New Yorker: "An important discussion of the fate of the Jews as bound up with the fate of Christianity itself."Clifton FadimanIn the Annals of the American Academy of Political and Social Science: "Every statement of fact is documented by
